Reduce Isolation, Depression and Stress

The Memory Care Corral is a customized program for individuals living with early-stage dementia and their caregivers. Guided sessions with horses provide both the individual with memory loss and their loved one with therapeutic, non-riding activities. These sessions enable them to better communicate and support each other. The human-horse connection helps participants feel relaxed, confident, and happy.

No Horse Handling Experience Necessary!

- One-hour sessions at From the Ground Up Therapeutic Horsemanship, Inc. at 1238 North Road in Tully, NY
- Pre-register by emailing contactftgu@gmail.com or calling 315-238-7014
- All activities are ground based (no riding), such as grooming and leading horses
- All sessions are for both the individual with memory loss and their caregiver
- Cost is \$10 per person (\$20 per session for the two participants)
