

Therapeutic Horsemanship, Inc.

From The Ground Up After School

Our After School Program will include everything your child ever wanted to know about horses! Along the way, they will also learn much about humans and themselves through empathy, communication, trust, respect, assertiveness and resilience.

Our focus is always on physical, emotional and mental health for persons of all ages, challenges and abilities. Whether a person is on the ground or in the saddle, the horse can address all of these needs.

Tuesdays-Fridays 2:30 to 5:30

From The Ground Up

Is located at 1238 North Rd. in Tully

Cost: \$135/week

A limited number of need-based scholarships available
